RACE 2026 **run**t

**NOTICE
OF RACE**

**SANDHAMN,
SWEDEN
28 JUNE 2026**

The Royal Swedish Yacht Club

Dear participants, visitors, volunteers and partners,

On behalf of the Royal Swedish Yacht Club, KSSS. I would like to welcome you to Gotland Runt Offshore Race. Gotland Runt is the world's largest annual offshore race and for many years we have attracted hundreds of yachts, thousands of sailors as well as a large group of spectators. It has been a cherished tradition since 1937.

For the 2026 edition, like the last 2 years, we will take our sailors back to Sandhamn, both for the start and the finish, while providing the spectators great opportunities to enjoy the racing, both from land, sea and digitally.

KSSS has a very broad range of activities; from youth training and sailing camps for over 800 youngsters each year, we arrange a wide variety of yacht races, we deliver family cruises to our members, we run a number of harbours in the archipelago appreciated by members and guests alike, and we have Olympic ambitions through our elite sailors. As part of this wide spectrum of activities, Gotland Runt always holds a very important position as one of our prime events, for both members, partners, guests, and participants.

Gotland Runt truly delivers a range of experiences. From some unique moments around the numerous islands and skerries in the Stockholm archipelago to the demanding and often unpredictable Baltic Sea. Once we are all back in Sandhamn, we look forward to salute the winners and greet all participants. We feel certain you will have memories for life while also making great friendships during a unique sailing experience.

I would also like to send a cordial thank you to all our partners and the large number of race officials and volunteers who contribute to the race. It would not be possible without your support and commitment.

So once again, a warm welcome the Gotland Runt Offshore Race 2026.

**Sailors greetings,
Patrik Salén
Commodore of the
Royal Swedish Yacht Club**

Dear sailors and race officials,

The spirit of Gotland Runt Offshore Race lies in the variety of its competitors, challenging conditions, and warm atmosphere in the Race Village. We strive to challenge you to perform in all aspects, strategy, tactics, and manoeuvres.

We have been racing with Gotland in focus for almost 90 years. The Visby course has been exclusive for the Classic yachts. Starting in 2026, we introduce the possibility to sail either the Gotland Rund course or the Visby course no matter boat type. We strive to offer the best possible conditions for all participants. By offering more course options, we hope to meet the wishes of our participants.

The Gotland Runt Offshore Race 2025 was a challenge for the crews, and their skills were tested under varying conditions. But not only were the competitors put to the test, but also the Race Committee, by the very rapid changing weather conditions. For the first time in the history of the race, we decided to postpone the start by 18 hours, moving the start to the next day. The weather forecast came true on Sunday evening when strong winds and intense rain passed Sandhamn and the course area.

Looking back on the fantastic start in the morning sun and moderate winds at dawn on Monday, the decision to postpone the start appears to have been a good one.

The race welcomes a mix of international and national boats and crews, and we prepare a range of classes in the Swedish Rating System (SRS) and in ORC international. After you passed the finish, the Gotland Runt Race Team will welcome you to activities and entertainment in the Race Village in Sandhamn.

To tune-up and to enjoy the scenery of Stockholm archipelago, we run the Eton Archipelago Race from KSSS Club house in Saltsjöbaden to the starting area in Sandhamn. We welcome all competing boats and crews, families, and friends as well as partners and sponsors to join this tune-up race.

My Race Management Team and I are looking forward to seeing you all this summer for the 2026 edition of Gotland Runt Offshore Race.
